### **CORPORATE POLICY**

Quality Testing Services, Inc. (QTS) is committed to protecting the safety, health and security of our employees, clients, and the public. We will protect the environment and continuously strive to control our use of natural resources. QTS will design, operate, and maintain our facilities in a manner that manages risk to our employees and the community. We recognize our responsibility to work with Government, clients and others to achieve these goals. QTS will comply with safety, health and environmental laws and will maintain programs and procedures to ensure compliance.

The prevention of Safety, Health, Environmental and Security (SHE&S) incidents is an objective affecting all phases of our operation and administration. Quality Testing Services will engage every employee in meeting our objectives. We will provide the necessary resources, tools, and training to enhance the understanding of SHE&S issues and policies, as well as promote excellence in job performance and operational integrity.

Rocco A. Roina, Jr.  
Vice-President
